Invitation to the Baltic GTIF – Stakeholder Consultation Meeting in Vilnius

Dear Sir or Madam,

we are excited to invite you to the Baltic GTIF – Stakeholder Consultation Meeting in Vilnius.

Climate change is significantly impacting the Baltic Sea region, with noticeable changes affecting marine ecosystems and surrounding areas due to above-average warming trends. To address this, the European Space Agency (ESA) is funding the "Green Transition Information Factories (GTIF) Kick-Starters: Baltic" project, or Baltic GTIF. This initiative combines Earth Observation data with modern analytics and cloud computing to meet the region's green transition information needs. Led by OHB Digital Connect GmbH, the project aims to customize services for various European regions, starting with Lithuania and eventually including Estonia, Latvia, Poland, and Germany.

This stakeholder consultation meeting offers the opportunity to get in touch with the project team right at the start of the project and to shape the services with and according to your own needs:

- Date: 25th March 2024
- Local time: 12:00 PM - 5:00 PM
- Venue: Energy and Technology Museum
Rinktinės str. 2
09312 Vilnius
- Website: <https://ohb-theo.de/event/gtif-scm>

Should you have any inquiries or require further information, please do not hesitate to contact us at daro.krummrich@ohb.de or our partner Erikas Berontas info@coetus.lt or +37067102451.

Warm regards,

Baltic GTIF Project Team
